SSPD2019 – the 47th Annual Meeting of the Scandinavian Society for Prosthetic Dentistry

21 - 23 August 2019, Mariehamn, Åland, Finland

Dear colleagues

I warmly invite you to join us for the 47th annual meeting of the Scandinavian Society for Prosthetic Dentistry. Meeting takes place in the city of Mariehamn, which is the capital of Åland islands right in the heart of the Finnish archipelago. Sailors throughout the history have known Mariehamn and it certainly provides fascinating atmosphere also for a scientific meeting.

The two-day programme will focus on longevity of non-metallic solutions in prosthodontics under the theme: “Non-metallic restorations in prosthodontics – will the boom explode?” Keynote lectures will cover many aspects of prosthetic treatments perhaps with a critical touch to the non-metallic era of prosthodontics.

Timo Närhi

Chair of the SSPD2019
